On June 26, 2009, the parties appeared before this Court with an agreed upon case management schedule, which was approved by the Court. The parties agreed to a shorter discovery period as the parties wished to resolve this case early without incurring excessive litigation costs by participating in a Settlement Conference before Magistrate Judge Seeborg. To that end, the parties had scheduled the Settlement Conference for September 21 before Judge Seeborg. In mid-September, Judge Seeborg's clerk contacted the parties to inform them that Judge Seeborg was unavailable due to attendance at a confirmation hearing in Washington, D.C. Judge Seeborg's clerk provided the parties with the earliest possible Settlement Conference dates, which were the week of November 16, 2009. The parties agreed to a continued Settlement Conference of November 19, 2009.

Because the parties wish to avoid engaging in excessive discovery prior to the Settlement Conference in an attempt to keep litigation costs down, the parties stipulate and hereby respectfully request the Court adopt the amended Case Scheduling Order as set forth below. The proposed Amended Case Management Order continues the case scheduling dates in this case approximately 60 days, which will compensate for the approximately 60 day delay in the Settlement Conference. The parties stipulate to the following case schedule:

1/20/2010 - All non-expert discovery shall cut-off.

1/30/2010 - Disclosure and production of initial reports from retained experts for the parties under Fed. R. Civ. P. 26(a)(2) are to be served.

2/10/2010 - Supplementary expert disclosure and reports to be served.

2/18/2010 - Expert discovery shall cut-off.

3/26/2010 – Last day to hear dispositive motions.

6/28/2010 - Trial to begin.

6/17/2010 - Pretrial Conference
